MANY MEN WORKING ON EXTENSION OF SIERRA MADRE ROAD IN MEXICO

Work Is Very Rough and Many Tunnels Are Necessary In Building Line South of Casas Grandes.

Colonias, Mex., March 7.—Mr. Wicks, of camp 39, has shipped 250 natives to aid in his construction work on building the railroad from Nueva Casas Grandes. He has a contract under Mr. Dudley for 25 kilometers, and is rushing his work, as are all of the contractors. There have been upwards of 600 natives shipped in this week. In the 25 kilometers taken by Mr. Wicks there will be three tunnels to construct.

The road between Terrazas and Maderna has some very difficult work, and there will have to be constructed seven or eight tunnels, and some of them will be very long.

The work is being rushed also from the Maderna end, but the company is not confining its efforts entirely to

Is This Fair?

Certain Proof Will Be Made That Stuart's Dyspepsia Tablets Cure Stomach Trouble.

A Trial Package Sent Free. Stuart's Dyspepsia Tablets are made to give to the system, through the digestive tract and the stomach, the necessary chemical not only to digest food, but to enrich the fluids of the body so that it may no longer suffer from dyspepsia or other stomach trouble.

We will send you a quantity of these tablets free, so that their power to cure may be proven to you. Thousands upon thousands of people are using these tablets for the aid and cure of every known stomach disease. Know what you put into your stomach, and use discretion in doing so.

Stuart's Dyspepsia Tablets contain fruit and vegetable essences, the pure concentrated tincture of Hydrastis, Golden Seal, which tones up the stomach, strengthen the mucous lining of the stomach, and increase the flow of gastric and other digestive juices; Lactose (extracted from milk); Nux, to strengthen the nerves controlling the action of the stomach and to cure nervous dyspepsia; pure aspartic Pepsin of the highest digestive power and approved by the United States Pharmacopoeia.

One of the ablest professors of the University of Michigan recently stated that this Pepsin was the only aspartic pepsin he had found that was absolutely pure—free from all animal impurities; harmless to absorb gases and prevent fermentation. They are delicately flavored with concentrated Jamaica Ginger—in itself a well known stomach tonic.

Liquid medicines lose their strength the longer they are kept, through evaporation, fermentation and chemical changes, hence Stuart's Dyspepsia Tablets are recognized as the only true and logical manner of preserving the ingredients given above in their fullest strength.

If you really doubt the power of these tablets, take this advertisement to a druggist and ask his opinion of the formula.

It is due your stomach to give it the ingredients necessary to stop its trouble. It costs nothing to try. You know what you are taking, and the fame of these tablets prove their value. All druggists sell them. Price 50 cents. Send us your name and address and we will send you a trial package by mail free. Address P. A. Stuart Co., 150 Stuart Building, Marshall, Mich.

WARM WEATHER BRINGS BLOSSOMS

Some Fear In Pecos Valley for Late Frost—Carlsbad News.

Carlsbad, N. M., March 7.—With a clear sky and the thermometer hovering around the 85 mark, it is almost necessary to make an affidavit for the visitors from the north central states that Carlsbad is governed by the same calendar and almanac that is used by them. Here, the fruit buds are opening out, the grass is green and, to all appearances, spring has arrived.

There is some uneasiness felt by the fruit growers that the fruit may be caught by a late frost. Some of them have supplied themselves with smudge pots and a determined effort will be made to guard against killing frosts. This is the first season they have been used in this part of the valley and their success will be watched with a keen interest by all of the fruit growers up and down the valley. They were used successfully on the Hagerman farm at Roswell last year.

A message announcing the death of Mrs. Nettie Anderson at her home in Coffeyville, Kansas, has been received by Messrs. Bujac and Brice, in this city, by whom she was employed as a stenographer for the past two years. She was a victim of tuberculosis, having been ill for some time seeking the benefits of the climate.

Capt. E. P. Bujac, the recently appointed chairman of the board of county commissioners, is conducting an aggressive campaign for good roads. He is now preparing to rebuild the road between this city and the plains country to the east. The matter has been taken up with the Santa Fe railroad with the view of having the 12 miles of sand treated with a coating of crude oil. The strength of sand has always been a barrier between this city and the plains country and has been the means of diverting a major portion of the trade from that section of the country to other trading points. At a recent meeting of the Carlsbad Commercial club, a committee was appointed to solicit funds for the purpose of assisting the county in rebuilding this road. Already over \$1000 has been subscribed and paid in, which is now available for the work and, with the funds which will be given by the county, it is thought the road will be put in first-class condition.

The main traveled road between this city and the towns of Knowles, Monument, Lovington and the smaller towns which have recently sprung up between this city and the Texas state line. The road is in the city meeting with the Pecos water users. The matter of the delinquent payments is being discussed. It is confidently expected that some compromise will be effected between the government and the land owners whereby the water users who will find themselves unable to pay their entire water rental at the close of the present month, will be allowed some days of grace and thereby be allowed to redeem their property from forced sale or of having the water right annulled.

Rev. Mr. Mython, the new rector of the Episcopal church, has organized a Young Men's club to provide social amusement for the young men of the town. The parlors of the rectory will be devoted to the use of the club. Parlor games as well as tennis and golf will be instituted for their amusement.

RANCH IS SOLD NEAR SOLOMONVILLE FOR \$10,000
Changes Made in Solomonville Business Houses—Whist Club Entertained
Solomonville, Ariz., March 7.—A large real estate deal was closed when Don Cleridge bought the ranch of Luther Green, just east of town, for \$10,000. Mr. Green expects to move to Tempe, Ariz., in the near future with his family.

The Fortnightly Whist club met with Mrs. L. E. Solomon. Mrs. Solomon was assisted by Mrs. M. Ryan and daughter, Miss Nannie. Mrs. Van Valor, of Copper Hill, Ariz., mother of Mrs. Grant Robbins, is making a visit to her daughter and children.

Walter Tidwell has purchased the interest of Ed Gillespie in the city meat market. The new firm is Massey & Tidwell.

Mrs. Mox Latta and children have returned to their home in Globe accompanied by her mother, Mrs. L. E. Solomon.

Gen. Mauser has sold his place between here and Safford to Mitt Slims.

WHY SO WEAK?

Kidney Troubles May Be Sapping Your Life—El Paso People Have Learned This Fact.

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders, look to the kidneys for the cause of it all. Keep the kidneys wet and they will keep you well. Doan's Kidney Pills cure sick kidneys and keep them well. Here is El Paso testimony to prove it. Charles M. Wilson, 1215 Texas street, El Paso, Texas, says: "I have used Doan's Kidney Pills off and on for many years and have been given many proof of their merit. In February, 1907, I publicly recommended Doan's Kidney Pills and at the present time I take pleasure in confirming all I then said in their favor. I began to suffer from kidney trouble over twenty years ago and during changeable weather, or when I took cold, my condition was always worse. I had an acute pain in my right side and any sudden movement causes sharp twinges to dart through my body. Often I was confined to my bed for a week at a time. I finally began using Doan's Kidney Pills, procured at Kelly & Pollard's drug store, and they brought me prompt relief. As they have benefited me when I have used them since then, I naturally hold a high opinion of them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

PECOS GOING TO SEND BIG DELEGATION TO IRRIGATION CONGRESS

Many Delegates Will Attend State Meeting at Fort Worth; Also the Conservation Meeting.

Pecos, Tex., March 7.—Will L. Sargent, chairman of the program committee of the Texas Conservation association, is in Pecos in consultation with Mayor S. M. Prewitt and Judge T. J. Hefner, concerning the appointment of delegates, and with M. L. Swinhart, president of the Texas Irrigation congress, relative to the treatment of the subject of irrigation at the meeting of the association to be held at Fort Worth April 6th and 6th.

It is expected that Pecos and vicinity will furnish at least 50 delegates to attend this meeting, and arrangements have been made for two special sleeping cars to accommodate them. While all the subjects assigned for discussion at this meeting are of interest to the people of Pecos and Toyah valleys, the part of the program assigned to irrigation is especially attractive to them.

The meeting of the Texas Irrigation congress will be held simultaneously with that of the Conservation association and the constitution and bylaws will be adopted, governing the future workings of the organization.

President F. W. Johnson, of the Pecos Commercial club, has appointed the following as delegates to this meeting: B. R. Stine, F. W. Johnson, W. D. Cowan, P. H. Goodloe, R. N. Couch, J. B. Wright, T. E. Casey, Max Kress, Kopf, W. W. Ruhlen, and E. J. Moyer.

TWO ARRESTS ARE MADE AT TUCUMCARI
Men Accused of Taking Trousers and Selling Them—A Wedding.

Tucumcari, N. M., March 7.—Two men giving their names as Henry Logan and James Smith, have been arrested charged with theft.

They entered Israel's drygoods store Friday afternoon and said they wanted to purchase a pair of trousers. While he was busy talking to Smith, Logan said to have slipped a pair under his coat and made his way out the back door to a nearby tailor shop and sold them. He returned in a few minutes and entertained Mr. Israel while Smith said to have repeated the act. The tailor then telephoned Mr. Israel, and the sheriff arrested them.

Attorney Walter W. Mayes, of the firm of Moore and Mayes, slipped quietly out of town and was married to Miss Katherine Chase, at Dalhart, Tex. Miss Chase formerly lived here.

Sherwood brothers, two well known E. P. & S. W. railroad men, have bought out the Dairy Lunch room and will try the restaurant business.

James R. Daughtry, city clerk, is in Santa Fe on business.

Mrs. Wm. A. Schubel and children were here for an extended visit with relatives in Indiana and Kentucky.

WOMAN'S CLUB ENTERS FIGHT AGAINST LIQUOR.
Organization at Roswell Comes Out Strongly Against the Operation of the Saloon in the Town.

Roswell, N. M., March 7.—The Women's club, of Roswell, has founded stinging resolutions against the saloons of Roswell. The Roswell Daily Record says editorially: "Nothing would please the Record better than to turn over the decision of the saloon matter to the women of Roswell."

The following resolutions were drafted and adopted by the Women's club at a meeting at the Carnegie library with Mrs. A. S. Trube, formerly of Austin, Texas, as leader.

"Resolved, That we believe the saloon to be an evil without any redeeming feature; that its existence is an annoyance to the home; that its influence in politics is altogether bad; that it is subversive of good government and conducive to immorality and criminality; and

"Resolved, That the Women's club hereby unqualifiedly endorses the movement having for its object the banishment of the saloons from Roswell, and that we pledge all our influence in the support of those who are working to accomplish that end in the coming municipal election; and we heartily commend the Roswell Record for the staunch stand it has taken in this cause."

IRRIGATION ENTERPRISES IN NEW MEXICO TERRITORY.
Santa Fe, N. M., March 7.—Territorial engineer Vernon L. Sullivan has rejected the application of Levi A. Hughes and J. W. Reynolds for 500 second feet of the Rio Grande in White Rock canyon, just west of Santa Fe, for failure to file plans and specifications.

He also rejected the application of Arch Latham, of Sierra county, for the waters of the Berrendo, of J. W. Ruasey, of Carlsbad, for waters of the Pecos, and of J. A. Low and M. Loewenstein, of Socorro, for the waters of the Ojo Chico.

He approved the applications of Geo. T. Lambert for 115 second feet of the Tenaja in Goliath county, and of E. A. Clayton, of Artesia, for the waters of Spring Lake.

A. A. Jones, of Las Vegas grant board, has appealed from decisions of the engineer granting the waters of the Pecos and tributaries.

MONTREY NEWS NOTES.
Montreay, N. M., March 7.—Dr. T. H. Williams is here from Chickahama, Oklahoma.

Messrs. Woods and Fields are in from their ranches at San Andreas delivering mohair to the J. W. Prude company.

Mr. and Mrs. W. J. Bent came down from Bent, N. M., lately.

Collette Walker, of Carrizozo, is here visiting friends. He will leave for Las Cruces in a few days where he expects to make his future home.

Miss Eloise Carroll is here from Mesalera.

Messrs. L. E. Lumley, H. W. Crouch and Ernest Wilson are in from the Lumbler ranch.

SANTA FE WOMAN DIES.
Santa Fe, N. M., March 7.—Mrs. Jennie Kinsell, wife of acting postmaster George Kinsell, died Saturday of pneumonia, a well known temperance worker and active in the Methodist church.

New Mexico Insurance.
Santa Fe, N. M., March 7.—During 1909, according to insurance expert-tendent Jacobo Chavez, fire insurance companies collected in New Mexico premiums amounting to \$609,977.46; incurred losses amounting to \$454,972, of which they paid \$425,099. The insurance written amounted to \$32,240,213.

ROSWELL ORDERS CEMENT SIDEWALKS

Also Buys Cottonwood Trees to Set Out In Front of Residences.

Roswell, N. M., March 7.—The city council has passed the proposed ordinance ordering cement sidewalks put in. Walks proposed, in places where they were really not needed, were cut out. The question of widening the 19 foot sidewalks on Main street to 16 feet, to which there is strenuous objection by the property owners, is still being considered by the committee on streets and alleys.

Some thousand mountain cottonwood trees are to be bought by the city council and donated (two for each 25 foot frontage) to property owners who will set them out in front of city property, and properly water and care for them. The police judge reports 27 arrests and \$116 in fines collected during February.

The surgeons in charge of the case say that Frank Miller, the young fireman who had both legs cut off above the ankles when he fell between his engine and the car at South Spring station, is making fine progress toward recovery. One leg was amputated just below the knee and the other a little lower.

At a meeting in the Roswell Commercial club rooms to discuss ways and means by which to pay for additional needed work on Picochillo and other points on the Roswell-Carrizozo road, \$875 was contributed, and Charles de Bremond and J. J. Jaffa, cashier of the Citizens' National bank, were appointed as a committee to solicit the remaining \$1625 needed.

PADUCAH INCORPORATES AND WILL ELECT TOWN OFFICERS.
Paducah, Texas, March 7.—The election for incorporation of the town was voted upon and carried by an overwhelming majority—there being 53 for and six against incorporation. The election for city officers will be held two weeks hence.

Col. E. T. Goodwin, one of the oldest settlers and builders of this county and town, is dead, from a severe attack of pneumonia.

A car of immigrants from Iowa and other northern states arrived at Paducah by the way of the Quanah, Acme & Pacific. They will probably settle in the south part of the county.

Frank Miller, the young fireman who had both legs cut off at South Spring, on the Eastern Railway, of New Mexico, will recover. When seen at St. Mary's hospital, he was cheerful and said he was already making plans for a livelihood by raising chickens.

Miss Ethel Moore, aged 26 years, died at her home, 1399 North Kentucky avenue, of tuberculosis. She came here from Colorado Springs with her parents. The remains were shipped to Trenton, Missouri, accompanied by the parents and a brother, Dr. Thornton E. Moore.

Arnold Streitz, of El Paso, who has been visiting S. Tetzak, left on yesterday's auto for his home. Mr. Streitz was guest of honor at an affair at the Country club while here.

BISBEE VOLUNTEERS MAY GO ON STRIKE
Declare They Will Quit Because They Can't Run Paid Department.

Bisbee, Ariz., March 7.—Because the city council refused to appoint one Wilson as a fireman and chose instead H. Robinson, the volunteer firemen of Bisbee have protested and there is much talk that a large portion of them will withdraw from the department. Efforts are being made to reach an agreement.

Mrs. Munker who had not heard from her husband for two years yesterday received a message that he had died in Tulsa, Okla.

Sam Elder, county road supervisor, and Mr. Girard, territorial engineer, met yesterday in Bisbee and conferred about the proposed territorial highway which has to cross the country.

Captain Martin, of company K, of the Arizona National Guard, was here yesterday. He stated that the government has donated to the National Guard a new range near Wilcox for target practice. The range is one mile wide and three miles long and as soon as the ground is cleared off, the military company will begin its rifle practice.

Power pumps, which have been selected to be the high school representative at the Tempe oratorical contest, which will take place on March 12.

A GOOD CHANGE.
A Change of Food Works Wonders.

The wrong food and drink causes a lot of trouble in this world. To change the food is the first duty of every person that is ill, particularly from stomach and nervous troubles. As an illustration:

A lady in Mo. has, with her husband, been brought around to health again by leaving off coffee and some articles of food that did not agree with them. They began using Postum and Grape-Nuts food. She says:

"For a number of years I suffered with stomach and bowel trouble which kept getting worse until I was very ill most of the time. About four years ago I left off coffee and began taking Postum. My stomach and bowels improved right along, but I was so reduced in flesh and so nervous that the least thing would overcome me."

"Then I changed my food and began using Grape-Nuts in addition to Postum. I lived on these two principally for about four months. Day by day I gained in flesh and strength until now the trouble has entirely disappeared and I feel that I owe my life and health to Postum and Grape-Nuts."

"Husband is 73 years old and he was ailing for a long time, with occasional cramps, and slept badly. Finally I prevailed upon him to leave off coffee and take Postum. He had stood out for a long time, but after he tried Postum for a few days he found that he could sleep, his cramps disappeared. He was satisfied and has never gone back to coffee."

"I have a brother in California who has been using Postum for several years; his whole family use it also because they have had such good results from it."

Look in pkgs. for the little book, "The Road to Wellville." There's a Reason.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

GOOD WATER IS FOUND AT BARSTOW

The Community Now Has 45 Miles of Drainage Ditches.

Barstow, Texas, March 7.—A well of good water has just been brought in east of Barstow a short distance, and another well is being drilled. At a special meeting of the Commercial club last night a movement was started to organize a company to pipe the water into town, also to make arrangements to put in an alfalfa mill at once.

Maj. Jno. Wilson, local manager of the Barstow immigration system, has returned from a business trip to the head office at St. Louis.

Dr. W. D. Block has returned from an extended business visit to East Texas.

The drainage machine will complete the system of drainage here in about four weeks, which will make a total of about 45 miles of drainage canals costing approximately \$50,000.

A. E. Lee, of Lupkin, is here on a visit to his brother, W. H. Lee, principal of the Barstow public schools. E. D. Thomas and wife, of Monahans, are spending the week in Barstow.

J. P. Roberts has sold his residence in the town and will leave in a few days for Carlsbad, N. M., where he will reside in future.

The Barstow Irrigation company now has five regular water masters and they are kept busy delivering water to the irrigators.

E. J. Brady has been conducting a Spanish school here for the past two months, with an attendance of about 40 pupils.

J. S. Brooks, an attorney of Oklahoma City, spent a week here looking over the valley.

The Riggs Land and Irrigation syndicate has in another big auto and they are kept busy hauling prospectors out to their irrigated land near Barstow.
